Variable Investment Option Performance Update

First MetLife Investors Insurance Company

**The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance figures quoted. Performance current to the most recent month-end may be viewed at www.metlifeinvestors.com.** The investment return and principal value of an investment will fluctuate and an investor's shares, when redeemed, may be worth more or less than their original cost. For Sub-Accounts that invest in Portfolios of the underlying Trust that were in existence prior to the Sub-Account inception date, these returns have been adjusted to reflect the charges and expenses of the Class O Variable Annuity, as if the contract had existed during the stated period(s), including all Portfolio-level expenses, the Mortality & Expense and Administration Charges of 0.90%, the annual Account Fee of $30† and the minimum sales charge of 1.25%. (Available for investments of $1 million or greater; sales charges vary based on amount contributed up to a maximum rate of 5.00%. Deduction of sales charges at higher rates would reduce the performance shown.) These results do not reflect the withdrawal charges which are based on the Cumulative Purchase Payment amount at the time of the withdrawal (for returns reflecting these charges, see the Standardized report pages in this document that follows this Nonstandardized report).

**These figures represent past performance and are not an indication of future performance.**

**Variable annuities are long-term investments designed for retirement purposes. The Class O variable annuity has limitations, exclusions, charges, termination provisions and terms for keeping them in force. There is no guarantee that any of the variable investment options in this product will meet their stated goals or objectives. The account value is subject to market fluctuations and investment risk so that, when withdrawn, it may be worth more or less than its original value. All product guarantees, including optional benefits, are based on the claims-paying ability and financial strength of the issuing insurance company. Please contact your financial professional for complete details.**

**Withdrawals of taxable amounts are subject to ordinary income tax and if made before age 59½, may be subject to a 10% Federal income tax penalty. Withdrawals will reduce the living and death benefits and account value. Withdrawals may be subject to withdrawal charges.**
