Brighthouse Life Insurance Company

Variable Investment Options Performance Update

The following chart represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance quoted. The investment return and the cash surrender value of a policy will fluctuate so that, at the time of a withdrawal or surrender, the cash surrender value may be worth more or less than the amount originally invested. For Investment Options that invest in a Portfolio that was in existence prior to the inception of the Investment Option, the returns shown for such prior period have been adjusted to reflect the policy's guaranteed maximum M&E risk charge of 0.90% and guaranteed maximum administrative expense charge of 0.40%. The returns shown reflect these charges and the fees and expenses of the Portfolios, but do not reflect other policy charges, including the sales charge, surrender charge and cost of insurance charge. Returns would be significantly lower if these charges were taken into consideration.

Annualized Rates of Return after Deduction of Portfolio Level Expenses

Prospectuses for the investment options offered under the policy are available from your financial professional. Investors should consider the investment objectives, policy features, risks, charges and expenses of the investment company carefully before investing. The investment objectives, risks, and policies of the investment options, as well as other information about the investment options, are described in their respective prospectuses. Clients should read the prospectuses and consider this information carefully before investing. Product availability and features may vary by state.

Brighthouse Financial variable life insurance policies have limitations, exclusions, charges, termination provisions and terms for keeping them in force. There is no guarantee that any of the variable investment options in this product will meet its stated goals or objectives. The cash value is subject to market fluctuations so that, when withdrawn, it may be worth more or less than the amount of premiums paid. Guarantees are based on the claims-paying ability and financial strength of the issuing insurance company. Please contact your financial professional for complete details.

"Brighthouse Financial" refers to Brighthouse Financial, Inc., a Delaware corporation, and, where appropriate in context, to one or more of its subsidiaries, or all of them taken as a whole. Portfolio Architect Life variable insurance policies are issued by Brighthouse Life Insurance Company (previously issued by MetLife Insurance Company USA) and are distributed by Brighthouse Securities, LLC (member FINRA).
