SECTION IV - About Income Tax Withholding

Under current federal income tax law, we are required to withhold 10% of the taxable portion of the cash withdrawal value and pay it to the IRS unless you tell us in writing not to withhold tax. Certain states also require us to withhold state income tax if we withhold federal tax.

You are responsible for paying income tax on the taxable portion of our payment even if we do no withholding. In making your decision about withholding, you should consider that penalties under the estimated income tax rules may apply if your withholding and estimated income tax payments are not sufficient.

 Check here if you do not want us to withhold federal and state income tax
(This choice is void if we do not have your social security or Tax ID Number.).

SECTION V - Certification and Signatures

Under the penalties of perjury I certify:

1. The number shown on this form is my correct taxpayer identification number, and;
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and;

(If you have been notified by the IRS that you are currently subject to backup withholding because of under reporting interest or dividends on your tax return, you must cross out and initial this item.)

3. I am a U.S. citizen or other U.S. person, and;
4. I am not subject to FATCA reporting because I am a U.S. person and the account is located within the United States.

(If you are not a U.S. Citizen or other U.S. person for tax purposes, please cross out the last two certifications and complete appropriate IRS documentation, e.g. IRS Form W-8BEN for individuals, which can be found on the IRS website).

The Internal Revenue Service does not require your consent to any provision of this document other than the certifications required to avoid backup withholding.
