A Brighthouse Financial investment option may have a name and/or investment objective similar to that of another mutual fund with the same manager. Despite any similarity, the Brighthouse option is separate and distinct and will not have the same performance. Different performance will result from different investment policies, cash flows, fees, expenses and fund asset sizes.

The performance shown may reflect, for some periods described, the management of previous investment managers. Please see the prospectus for more information.

A fee waiver or expense limit may be or have been in place for any of the investment options. The reduced expenses that may result from this waiver or limit may increase performance results. Please see the prospectus for more information.

Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio.**

<sup>1</sup> Effective April 28, 2008, the MFS Value Portfolio of the Met Investors Series Trust (MIST) merged with and into the MFS Value Portfolio of the Metropolitan Series Fund, Inc. (MSF). <sup>2</sup> On or about May 1, 2010, the FI Mid Cap Opportunities Portfolio of the Metropolitan Series Fund, Inc. merged with and into the Morgan Stanley Mid Cap Growth Portfolio of the Met Investors Series Trust. Values before May 1, 2010 reflect the performance of the FI Mid Cap Opportunities Portfolio.
